7. [ ] Met with George Norris as a follow on to our telephone conversation during the morning. Mr. Norris confirmed the 10:00 o'clock time for meeting Monday in his office for continuation of the briefing on comparative status of Soviet and American nuclear arms which was started on 21 March. This is in response to an original letter request of 7 March by Chairman Mendel Rivers and Representative William Bates, senior Armed Services minority member. Mr. Norris noted in conversation that there will be no need for touching on the Soviet ABM systems during this meeting. He also advised that it was not possible to provide me with a copy of a transcript of the committee meeting with Mr. McNamara but that in all probability a copy would be available to us during our meeting on Monday.
